

INSTITUTIONAL INTEGRITY • ETHICAL LEADERSHIP • ACCOUNTABLE GOVERNANCE

COMPANY OVERVIEW

Duclosel Global Governance Group (DGGG) is a New York-based advisory firm helping public institutions strengthen integrity, accountability, leadership, and organizational performance. DGGG approaches corruption and governance weaknesses as institutional and cultural challenges requiring practical systems reform—not simply individual compliance.

CORE CAPABILITIES

Governance & Integrity Diagnostics: Assess leadership, culture, incentives, controls, accountability, and operational vulnerabilities.

Corruption Risk Assessment: Identify structural risks and recommend proportionate prevention and mitigation measures.

Ethics & Accountability Training: Deliver practical programs for executives, managers, boards, elected officials, and staff.

Organizational Culture Reform: Align values, leadership behavior, decision-making, and institutional systems.

Strategic Advisory & Facilitation: Support integrity planning, stakeholder engagement, policy implementation, and leadership retreats.

SIGNATURE APPROACH

DGGG applies systems thinking and the Duclosel Governance Integrity Matrix™ (DGIM) to examine how formal rules, leadership practices, organizational culture, incentives, and accountability mechanisms interact. Engagements produce clear findings, prioritized recommendations, and implementable action plans.

PUBLIC SECTOR VALUE

Practical Recommendations are designed for real administrative, fiscal, and operational constraints.

Preventive Work focuses on identifying institutional vulnerabilities before they become failures.

Capacity-Building: Leaders and staff gain tools they can continue using after the engagement.

Independent Analysis is evidence-informed, nonpartisan, and centered on institutional improvement.

ENGAGEMENT OPTIONS

Integrity Leadership Workshop: A focused 60–90-minute program for leaders and managers.

Governance & Integrity Diagnostic: A structured assessment incorporating interviews, a findings briefing, and an improvement roadmap.

Institutional Integrity Program: A multi-session training and action-planning engagement.

DIFFERENTIATORS

Public-administration expertise: Doctoral-level specialization in governance, corruption, organizational culture, and institutional reform.

Public-sector experience: More than 25 years of professional service and leadership experience in a complex public-sector environment.

Original diagnostic framework: A structured method for examining integrity across connected governance pillars.

Multilingual capability: Professional communication in English and French, with Haitian Creole capability.
